

Roofle Craft

xxx♥

Things you will need:

Paper tube, 2 twigs, brown paint and brush,
2 googly eyes, 1 red pom pom, cellotape and glue

How to make:

First, paint the paper tube
brown and leave it to dry.

Once dry, with the help of an
adult make 2 holes at the top of
the paper tube, one on each side
for the antlers, insert the twigs
and secure with some cellotape on
the inside of the paper tube.

To finish off, using the glue,
stick the googly eyes and pom pom
on the paper tube to create a face.
