Things you will need:

Printer, scissors, an adults help

How to make:

Print the artwork onto an A4 piece of paper with the 'Do not scale option' checked.

Trim the image out so you have a square. Fold from corner to corner and open out, repeat with opposite corners too.

Open out, you should have a square piece of paper with an X crease.

Turn over and fold the corners to the center of the square (where the X crosses).

Repeat with all corners and you'll end up with a smaller square.

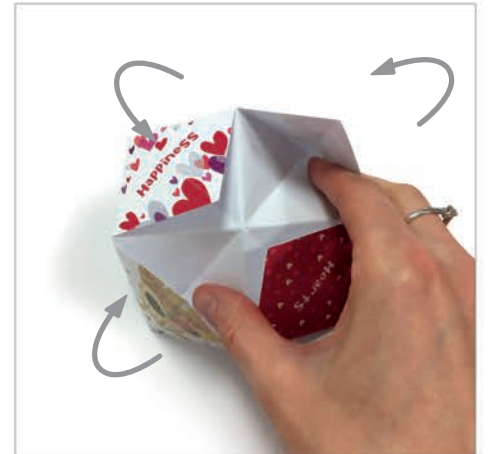

Flip your paper over and fold the 4 corners into the center.

You'll end up with an even smaller square.

Turn over, fold and unfold across the middle, horizontal and vertical.

Work your fingers into the 4 corners, you need to make the 4 outer points meet in the middle.

How to play:

1. Ask the person your playing with to choose one of the squares, spell out the word on the chosen square whilst opening and closing the Fortune Teller for each letter.
2. Ask the person your playing with to select one of the numbers from the inside, open and close the Fortune Teller sas you count to that number.
3. Ask the person your playing with to pick another number, open the flap, read the job or challenge that the number corresponds with and let them accept the challenge.

2

Give a compliment to your loved one.
Give someone you love a big hug!

8

3

Make a card for someone you love!

1

Tell your loved one why they are special.

7
